ABOUT THMS

Teen Health Mississippi is all about healthy youth and whole communities. We believe that when youth have the resources, knowledge, and support they need, whole communities can thrive.

Teen Health Mississippi uses a 360-degree youth partnership model to increase youth and young adults' (YYA) access to information and resources for their health and well-being. We then work with trusted adults (parents, educators, counselors, healthcare providers, etc.) to empower YYA to make informed decisions for their lives. We are an inclusive organization anchored in the universal principles of fairness, respect, and equity for all.

OUR KEY TOPICS OF INTEREST INCLUDE:

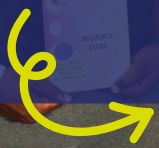

- Inclusive, Equitable and Youth-Friendly Healthcare
- School- and Community-Based Sex Education
- Mental Health Supports
- Innovation in Youth-Led Programming
- Youth Advocacy
- Leadership Skills and Life Skills for All YYA
